To whom it may concern:

Miner Elastomer Products Corporation maintains an unwavering commitment to safety for our employees, our suppliers, and the communities in which we operate and we share that concern for all who handle our products. As both a manufacturer and exporter, Miner Elastomer Products has reviewed the requirements of REACH as they apply to our suppliers, our customers, and our own operations.

REACH requires registration for individual substances<sup>1</sup> (on their own or in preparations<sup>2</sup>) greater than (ONE) 1 metric ton per year produced or imported. The product we sell to you, to our current knowledge, does not contain substances above the legal threshold that are on the Candidate List of Substances of Very High Concern (SVHC) as published on the ECHA website on 16th June 2014.

Each importer is responsible for its own compliance with REACH.

To understand fully the obligations that you as our customer will have under REACH, we recommend that you consult the REACH web site at <http://echa.europa.eu>.

This information is based on our current level of knowledge. It does not constitute a binding obligation. While the information is provided in good faith, no representations or warranties are made with regards to its completeness or accuracy and no liability will be accepted for damages of any nature whatsoever resulting from the use of or reliance on the information.

Please feel free to contact us directly should you have any questions concerning this information.

Regards,

Terry J. Koehn  
Director of Sales and Marketing  
Miner Elastomer Products Corp.
