To: Whom it may Concern:

Subject: RoHS compliance

All standard TecnPak® products, manufactured by Miner Elastomer Products Corporation, meet the material restrictions of RoHS, as proposed by the RoHS Technical Adaptation Committee. This is based upon information provided by suppliers of the raw materials used by Miner Elastomer Products Corporation to manufacture these products. As such, Miner Elastomer Products Corporation makes no independent representations or warranties, expressed or implied, and assumes no liability in connection with the use of this information.

Should you have any questions regarding this information please do not hesitate to contact us directly.

Regards,

Terry J. Koehn
